

PERMALOC[®]

CleanLINE[™] Aluminum
Landscape
Edging

Over the past decade, Specifiers and Installers alike have come to rely on PermaLoc CleanLine Aluminum Landscape Edging for one reason...**PROVEN PERFORMANCE!** Landscape professionals increasingly demand products that both improve the level of aesthetics while decreasing longterm maintenance requirements. When designing PermaLoc CleanLine Aluminum Edging, our goal was to create a product that would assure crisp, clean, permanent lines as well as being cost effective by minimizing longterm maintenance. PermaLoc CleanLine is performing on many of the finest projects worldwide ranging from industrial to residential. We assure you that the product design advances we have made will further enable our product to exceed your expectations in living up to its name, PermaLoc CleanLine.
